Intense amber color with orange reflections.

It is full of peach, white pepper, jasmine, violet, caramel, almond and hazelnut.

Rich and full of intense flavors like honey, cumin and gunpowder.

It has a medium body with almost high acidity and a deliciously long, complex finish.

It is smooth and perfectly balanced, elegant yet powerful.

The transformation is fantastic as the temperature changes.

HELIADES 2014 - Sitia DOP • € 65

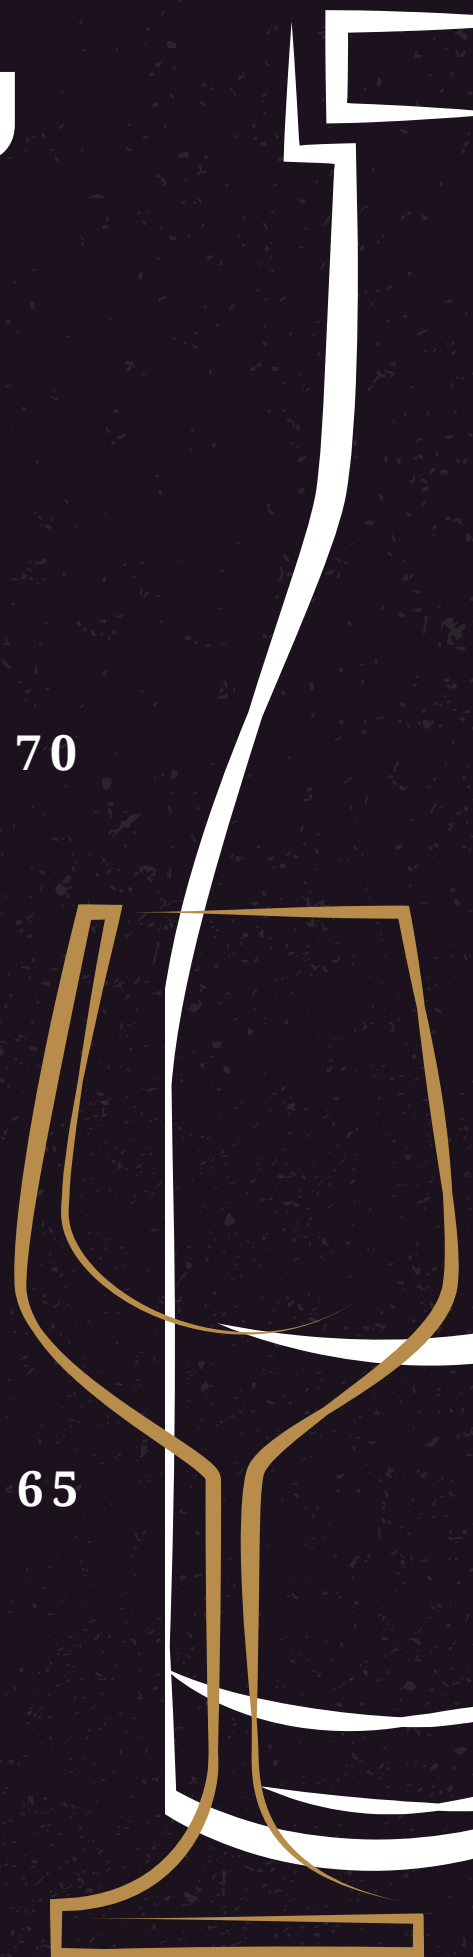

Straw yellow colour.

It is fascinating on the nose with aromas of honey, almond and sea salt which integrate with those of apple, pear and, perhaps, even pumpkin.

In the mouth it is dry, rich, tasty, with the acidity that comes from the Villana variety excellently integrated into the body that comes from Thrapsathiri.

The finish is very long and clean.
