

# *Traditional Cretan cuisine*

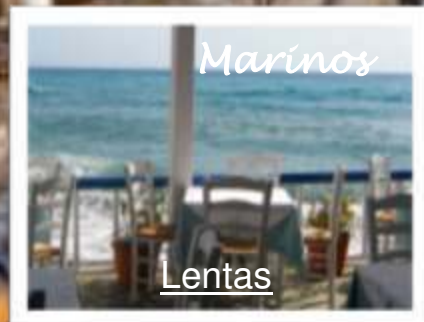

Our friends from the taverns in the villages in the hinterland, **Dimitris in Venerato**, **Yiannis in Kiparissi**, **Nikos in Kato Asites**, together with our friends from the villages on the south coast **Nikitas** and **Marinos in Lentas**, **Caterina in Loutra**, **Giorgos in Arvi**, will welcome you to make you live an experience of other times, simple and authentic, making you discover and taste the different fish or meat dishes of the traditional cuisine of Crete.

All the traditional taverns, both in the inland and in the south coast villages, **are located a short distance from our Houses of Blue Kipos 67**, sometimes right next to them.

All of them will surprise you with their exclusive location and the quality of their culinary offerings.

Silvia & Alessandro will be happy to give you, on site, the contacts of the owners of the taverns or book for you, as well as directions to reach them easily with your car.

Many Cretan culinary experiences await you!
